

HCPCS National Panel Agenda  
Re: The 2003 HCPCS Update

1. #02.01 Request to establish national "L" codes for compression burn garments.
2. #02.02 Request to establish a code for PT reagent cuvette with tenderlett plus, Trade Name: PT Cuvettes 6/bx 10/cs with Tenderlett Plus, disposable supplies for use with the Pro-Time Microcoagulation system.
3. #02.03 Request to establish a code for PT reagent cuvette with tenderlett plus, Trade Name: PT Cuvettes 25/bx 25/cs with Tenderlett Plus, disposable supplies for use with the Pro-Time Microcoagulation system.
4. #02.04 Request to update the HCPCS ostomy codes and establish temporary codes to identify technological advances in ostomy devices and supplies.
5. #02.05 Request to establish a modifier to identify a screening mammogram and diagnostic mammogram performed on the same patient day.
6. #02.06 Request to establish modifier for use with Advance Beneficiary Notice
7. #02.07 Request to establish code for caspofungin acetate, Trade Name Cancidas
8. #02.08 Request to establish code for 0.5 mg Ipratropium Bromide and 3.0 mg Albuterol Sulfate dual-therapy nebulizer solution, Trade Name: DuoNeb Inhalation Solution.
9. #02.09 Request to revise coding recommendation for the CAMP Healthcare Toe-Off Gait to accurately describe this prefabricated orthosis as L1930 (AFO, Plastic) and two units of L2755 (addition to lower extremity orthosis, carbon graphite lamination), for the foot segment and shin segment respectively.
10. #02.10 Request to establish the following HCPCS dermatology codes to identify Balneophototherapy - full body, Balneophototherapy - limited body area, Light Therapy only - full body, Light Therapy only - limited area, Bath Therapy only - full body, and bath therapy only - limited area.
11. #02.11 Request to review Oxygen codes and identify unit of service.
12. #02.12 Request to establish HCPCS code for the biologic Crotalidae Polyvalent Immune Fab (Ovine), Trade Name: CroFabJ
13. #02.13 Request to establish HCPCS code for Blood Ketone Strips, Trade Name: Precision XtraJ

14. #02.14 Request to discontinue Medicare Local Modifier "ZX" and establish national CMS modifier effective July 1, 2002.
15. Attachment #02.15  
Request to establish code for a mechanical vacuum pump that fits between the end of a prosthetic socket and the sole of the prosthetic foot and creates a vacuum inside a sealed prosthetic socket. Trade Name: VASS/TEC Harmony
16. Attachment #02.16  
Request to discontinue code J1050 and establish a "J" code to indicate INJECTION MEDROXYPROGESTERONE ACETATE, 50 MG. This would permit identification of 50mg, 100mg and 150 mg of medroxyprogesterone when administered for non-contraceptive medical uses.
17. Attachment #02.17  
CMS request to establish temporary national "K" codes to identify Absorbed Glass Matt Sealed Lead Acid Batteries.
18. Attachment #02.18  
Request to establish a code for polyurethane balloon gastrostomy tube, Trade Name: ROSS DURA-GJ
19. Attachment # 02.19  
CMS request to establish temporary modifiers to provide administrative relief from Medical review in the presence of a disaster and indicate "Disruption due to disaster occurrence" and "Disruption due to disaster occurrence."
20. Attachment #02.20  
Medicaid request to establish 9 transportation "T" codes, 5 "T" modifiers, and revise the nomenclature of 6 "A" codes: A0080, A0090, A0100, A0420, A0424, A0432 to assist in the consolidation and elimination of state defined local codes.
21. Attachment #02.21  
Request to establish a code for Paricalcitol injection, Trade Name: Zemplar™.
22. Attachment #02.22  
Request to establish CMS modifier to identify legitimate duplication of a code on a claim.
23. Attachment #02.23  
Request to revise description of code L5968 to indicate "Multi-axis Prosthetic Ankle with Locking push-off, plantarflexion, and dorsiflexion assist".
24. Attachment #02.24  
Request to establish a code for a push-rim activated power assist add-on system for manual wheelchairs.

25. Attachment #02.25  
Request to delete codes L0900-L0950 and revise the verbiage of code A4462 to indicate abdominal dressing holder, each.
26. #02.26  
Request to establish two HCPCS codes for the implementation of the ambulance fee schedule.
27. #02.27  
Request to establish a code for custom fabricated OPI Band Cranial Remolding Orthosis used for orthotic cranioplasty.
28. #02.28  
Request to establish temporary national HCPCS code for Medicaid CASE MANAGEMENT.
29. #02.29  
Request to establish temporary national HCPCS code for Medicaid TARGETED CASE MANAGENT.
30. #02.30  
Request to immediately reinstate code L5669 and discontinue codes L5660, L5662, L5663, and L5664 to eliminate any possibility of overlapping codes.
31. Attachment #02.31  
Request to reinstate (A) code J2675 INJECTION, PROGESTERONE, PER 50 MG and (B) code Q0144 AZITHROMYCIN DIHYDRATE, ORAL, CAPSULES/POWDER, 1 GRAM.
32. Attachment #02.32  
Request to review and consider revising the description of code J1755 INJECTION, IRON SUCROSE, 20 MG and J2915 INJECTION, SODIUM FERRIC GLUCONATE COMPLEX IN SUCROSE INJECTION, 62.5 MG
33. Attachment #02.33  
Medicaid request to establish (A) a code to identify "School based IEP Services - Bundled," (B) a modifier to indicate "Out of District," and (C)13 modifiers to identify Level of Care provided.
34. Attachment #02.34  
Request to establish 10 national modifiers to replace local modifiers to be deleted under HIPAA.

35. Attachment #02.35  
Medicaid request to establish 4 codes for Home Health and Personal Care Services
36. Attachment #02.36  
Request to establish HCPCS codes to identify:
- adult day care services, per day
  - adult day care health services, per day
  - home delivered meals (request for 3 codes – breakfast, lunch, dinner)
  - medical ID bracelet/pendant
  - and modifier to denote “Social HMO Service or Supply”.
37. Attachment #02.37  
Request to establish a HCPCS code to identify zoledronic acid for injection, Brand Name: Zometa®.
38. Attachment #02.38  
Request to establish new and separate codes for Sodium Hyaluronate, 20 mg (Trade Name: Hyalgan), and Sodium Hyaluronate, 25 mg (Trade Name: Supartz)
39. Attachment #02.39  
Request to establish a HCPCS “L” code for custom-molded gel insert (prosthetic device).
40. Attachment #02.40  
Request to establish HCPCS code for Insulin aspart (rDNA origin) injection; Trade Name: NOVOLOG.
41. Attachment #02.41  
Request to establish a code to identify a lift device, Brand Name: “Stand Up”®.
42. Attachment #02.42 Request to establish 6 HCPCS codes for the Senior Care Action Network (SCAN) to identify
- (1) Installation and activation of Personal Emergency Response Unit (base unit and emergency button),
  - (2) Monitoring of the Personal Emergency Response Unit,
  - (3) Replacement emergency button for Personal Emergency Response Unit,
  - (4) Homaker Service, light cleaning, per hour, (5) Homaker Service, heavy cleaning, per hour,
  - (6) E-pill Med-Time Automatic Medication Dispenser and reminder "pill box."
43. Attachment #02.43  
Request to establish a code for an Implantable Middle Ear Hearing Prosthesis, and external Audio Processor, Trade Name: Vibrant Soundbridge Implantable Middle Ear Prosthesis

44. Attachment #02.44  
Request to establish a modifier to identify "modifier overflow" and indicate that there are more than four modifiers on a claim
45. Attachment #02.45  
Request to establish 4 benefit specific modifiers,  
?1 Item furnished in conjunction with a urological or ostomy supply,  
?2 Item furnished in conjunction with a prosthetic device, prosthetic or orthotic,  
?3 Item furnished in conjunction with a surgical dressing,  
?4 Item furnished in conjunction with home dialysis services.  
and  
Request to revise (1) recommended wording of description for BA modifier to indicate: Item furnished in conjunction with PEN services, and (2) A4927 from GLOVES, NON-STERILE, FOR DIALYSIS, PER 100 to GLOVES, NON-STERILE, PER 100
46. Attachment #02.46  
Request to revise terminology for code J1095 Injection, Dexamethasone Acetate, 8 mg to indicate "Injection, Dexamethasone Acetate, 4 mg."
47. Attachment #02.47  
Request to establish codes for bronchial drainage assist device, air pulse generator with connecting hoses and inflatable vest, Trade Name: The VEST Airway Clearance Generator and The VEST Airway Clearance Inflatable Vest
48. Attachment #02.48  
Request to establish HCPCS code for wheelchair spring hinge shock absorbers.
49. Attachment #02.49  
Request to establish HCPCS code for modifiable ultralight composite material for use in custom fabricated orthotics.
50. Attachment #02.50  
Request to establish HCPCS code for programmable centrode addition to polycentric knee.
51. Attachment #02.51  
Request to establish HCPCS code for prosthetic residual limb sock interface suspension system, Trade Name: BEBSPORT/Prosthetic Sportswear Garment
52. Attachment #02.52  
Request to establish HCPCS code for swing away stump support addition to wheelchair.
53. Attachment #02.53

Request to establish a national modifier to replace local modifier W9 to identify "Live Kidney Donor Surgery."

54. Attachment #02.54

Request to use code L7900 to identify a clitoral therapy device (CTD), Trade Name: Eros Therapy vacuum system.

55-59 Attachment #02.55 -02.59

60. Attachment #02.60

Request to establish a code for a prepreg advanced composite carbon graphite epoxy laminate material and fabrication process for custom KAFO, Trade Name: Malmo composite Prepreg.

61-62 Attachment #02.61 - 02.62 - Pending additional Information

63. Attachment #02.63

Request to establish a code for carbon footplates, Trade name: Springlite™ Carbon Footplates.

64. Attachment #02.64 - Pending additional Information

65. Attachment #02.65

Request to establish a code for carbon toe extension foot plates, Trade Name: Springlite™ Morton's Extensions.

66. Attachment #02.66

Request to establish a code for a face mask, Trade Name: ResMed Mirage Full Face Mask.

#02.66B

Request to establish a code for a face mask cushion, Trade Name: ResMed Mirage full Face mask cushion.

67. Attachment #02.67

Request to establish a code for the Alpha Suction Seal.

68. Attachment #02.68

Request to establish a code for ankle/foot fracture orthosis, Trade Name: Orthofix Storm, Ankle/Foot Fracture and Orthosis Walker.

69. Attachment #02.69

Request to establish a code for a complete modular prosthetic system, Trade Name: Magnum Heavy Duty System.

- 70. Attachment #02.70  
Request to establish a code for Anodyne Therapy System Flexible Therapy Pads.
- 71. Attachment #02.71  
Request to establish a code for the Anodyne Therapy System.
- 72. Attachment #02.72  
Request to establish a CMS modifier to be used to identify number of units of a drug wasted.

\*\*\*\*\*

- 73. Attachment #02.92  
Request to establish a code to identify liposomal amphotericin B,  
Trade Name: AmBisome.
- 74. Attachment #02.93  
Request to establish a code for darbepoetin alfa, Trade Name: Aranesp.
- 75. Attachment #02.103  
Request to establish a code for occlusive wound dressing,  
Trade Name: ElastoGel Wound Dressing.
- 76. Attachment #02.107  
Request to establish a code for a tracheal suction catheter, Trade Name:  
A) Ballard TRACH CARE Closed Suction System for Adults  
B) Ballard TRACH CARE 72 Closed Suction System for Adults
- 77. Attachment #02.108  
Request to establish a code for sheath and sock,  
Trade name: DAW-Flo Vascular Enhancement Sheath and Sock.
- 78. Attachment #02.109  
Request to establish a code for a therapeutic medical device,  
Trade Name: Reliefband®.
- 79. Attachment #02.110  
Request to establish a code for hydrophilic single-use catheters,  
Trade Name: LoFric® Catheter.
- 80. Attachment #02.111  
Request to establish codes for spinal cord stimulation radio frequency receiver  
and frequency transmitter and spinal cord stimulation implantable pulse generator,  
Trade Names: Renew™ Radio Frequency SCS, Genesis™ IPG SCS, Synergy™  
IPG SCS, Synergy Versitrel™ IPG SCS, Itrel® IPG SCS, and Matrix ® Radio  
Frequency SCS.

81. Attachment #02.112  
Request to establish a code for home ultraviolet therapy devices, Trade Name: Foldalite-B™, Uvisol™, Panosol/Panosol II™, Hand/Foot II™ and Handisol™.
82. Attachment #02.113  
Request to establish a code for a peritoneal implantable access system, Trade Name: Port-A-Cath®.
83. Attachment #02.114  
Request to establish a code for Pleurx drainage bottle, disposable, with drainage line.
84. Attachment #02.115  
Request to establish a code for a patient care suction apparatus, Trade Name: Pleurx Pleural Catheter.
85. Attachment #02.116  
Request to establish a code for alemtuzumab, Trade Name: Campath® alemtuzumab.
86. Attachment #02.131  
SADMERC request to revise code A4801 to clarify that heparin may be used for any type of dialysis, not just hemodialysis.
87. Attachment #02.132  
SADMERC request to revise code A4595
88. Attachment #02.133  
SADMERC request to establish 6 HCPCS codes for elastic type joint supports, and modification of 2 existing codes to clarify the difference between them and the requested codes.
89. Attachment #02.134  
SADMERC request to establish a code for oral enteral nutrition.
90. Attachment #02.135  
SADMERC request to delete codes L3218 and L3223 and revise code L3260.
91. Attachment #02.136  
SADMERC request to establish a code for the walking splint.
92. Attachment #02.137  
Request to establish a code for a test stimulator and test screener (external power source).

93. Attachment #02.138  
Request to establish a code for a vista system,  
Trade Name: dj Orthopedics DonJoy Vista™ Rehab Management System.
94. Attachment #02.139  
Request to establish a code for pneumatic compression device,  
Trade Name: ArtAssist®.
95. Attachment #02.140  
Request to establish a code for a vibratory positive expiratory pressure therapy,  
Trade Name: Acapella.
96. Attachments #02.141  
Request to establish a code for a pediatric folding lightweight dependent wheelchair.
97. Attachment #02.142  
Request to establish a code for pediatric folding size adjustable lightweight dependent wheelchair.
98. Attachment #02.143  
Request to establish a code for a pediatric folding tilt-in-space size adjustable dependent wheelchair.
99. Attachment #02.144  
Request to establish a code for a pediatric folding seat exchange tilt in space size adjustable dependent mobility base.
100. Attachment #02.145  
Request to establish a code for a pediatric folding reversible seat exchange tilt-in-space size adjustable dependent mobility base.
101. Attachment #02.146  
Request to establish a pediatric rigid fully adjustable wheelchair.
102. Attachment #02.147  
Request to establish a code for a pediatric rigid growing fully adjustable mobility base.
103. Attachment #02.148  
Request to establish a code for pediatric rigid growing fully adjustable tilt-in-space mobility base.
104. Attachment #02.149  
Request to establish a code for a pediatric folding size adjustable wheelchair.

105. Attachment #02.150  
Request to establish a code for a pediatric folding semi-adjustable wheelchair.
106. Attachment #02.151  
Request to establish a code for a pediatric folding growing semi-adjustable wheelchair.
107. Attachment #02.152  
Request to establish a code for a pediatric folding growing fully adjustable mobility base.
108. Attachment #02.153  
Request to establish a code for an adult rigid fully adjustable tilt-in-space mobility base.
109. Attachment #02.154  
Request to establish 3 codes for:  
A) therapeutic home unit, Trade Name: Dynatron STS Rx  
B) therapeutic home unit electrodes, Trade Name: Dynatron STS Rx Electrons  
C) therapeutic home unit leads, Trade Name: Dynatron STS Rx Leads
110. Attachment #02.162  
Request to establish a code a pediatric, folding, growing, mobility base,  
Trade Name: Libre Tilt®.
111. Attachment #02.172  
Request to revise description of CMS modifiers GN, GO and GP
112. Attachment #02.173  
Request to establish CMS HCPCS Modifier to indicate "SERVICES RENDERED TO A PRISONER OR PATIENT IN STATE OR LOCAL CUSTODY BUT THE STATE OR LOCAL GOVERNMENT, AS APPLICABLE, MEETS THE REQUIREMENTS IN 42 CFR 411.4(b)."
113. Attachment #02.174  
Request to establish Medicaid code to identify transportation waiting time, air ambulance and non-emergency, one-half (1/2) hour increments.
114. Attachment #02.184  
Request to establish a code for a therapeutic heating device, Trade Name: Port-O-Heat.
115. Attachment #02.185  
Request to establish a code for an electronic micro-pump nebulizer, Trade Name: AERONEB® Portable Nebulizer System.

116. Attachment #02.186  
Request to establish a code for a ventilator for continuous life support, Trade name: LTV® 950 Ventilator (Pulmonetic Systems).
117. Attachment #02.187  
Request to establish a code for a nasal mask, Trade Name: Respironics Total™ Face Mask.
118. Attachment #02.188  
Request to establish for a portable volume ventilator, Trade Name: Respironic's Lifecare PLV®-100 Portable Volume Ventilator.
119. Attachment #02.189  
Request to establish a code for an oral CPAP interface, Trade Name: Oracle.
120. Attachment #02.190  
Request to establish a code for an implantable intraspinal catheter for non-programmable infusion pump, Trade Name: InDura 1p.
121. Attachment #02.191  
Request to establish a code for a wheelchair, Trade Name: Invacare Solara Wheelchair and Invacare Solara Jr. Wheelchair.
122. Attachment #02.192  
Request to establish a code for non-thermal pulsed high frequency radiowaves, high peak power electromagnetic energy, Trade Name: Diapulse® Wound Treatment System.
123. Attachment #02.193  
Request to establish a code for a dynamic adjustable supination/pronation device, Trade Name: Dynasplint Supinator/Pronator System.
124. Attachment #02.194  
Request to establish a code for shoulder flexionater, Trade Name: ERMI Shoulder Flexionater®.
125. Attachment #02.195  
Request to establish a code for a knee/ankle flexionater, Trade Name: ERMI Knee/Ankle Flexionater®.
126. Attachment #02.196  
Request to establish a code for an oximeter for home use.
127. Attachment #02.197  
Request to establish a code for Oakworks Vitrectomy Seated Support and Oakworks Vitrectomy Face Support.

- 128. Attachment #02.198  
Request to establish a code for a patient support system, Trade Name: Arycare Patient Support System.
- 129. Attachment #02.199  
Request to establish a code for a cannula type nasal interface, Trade Name: Nasal-Aire.

\*\*\*\*\*

- 130. Attachment #02.73  
Request to establish a code for an Apnea Memory Monitor.
- 131. Attachment #02.74  
Request to establish a code for a breast pump accessory kit.
- 132. Attachment #02.75  
Request to establish 37 codes for incontinence brief/diapers/pull-ups, based on size and absorbency; and to discontinue 5 existing codes for such products.
- 133. Attachment #02.76  
Request to establish a code for a straight catheter with insertion tray.
- 134. Attachment #02.77  
Request to establish 3 separate codes for contraceptive supplies.
- 135. Attachment #02.78  
Request to establish a code for professional service of evaluation and fitting of custom seating.
- 136. Attachment #02.79  
Request to establish 2 codes for day treatment programs, Chemical Dependency Outpatient Treatment and Mental Health Outpatient Treatment.
- 137. Attachment #02.80  
Request to establish a code for reusable enema equipment.
- 138. Attachment #02.81  
Request to establish a code for a Gravity Lumbar Compression Reduction Chair.
- 139. Attachment #02.82  
Request to establish separate codes for oral and sign language interpretive services.
- 140. Attachment #02.83

Request to establish a code for a light box for Mental Health Therapy.

141. Attachment #02.84  
Request to establish a code for a Natural Family Planning Program.
142. Attachment #02.85  
Request to establish a code for non-plastic backed underpads.
143. Attachment #02.86  
Request to establish codes for adult and pediatric disposable oxygen sensor probes.
144. Attachment #02.87  
Request to establish 4 codes for recording equipment for pneumogram, endtital carbon dioxide and trend events.
145. Attachment #02.88  
Request to establish a code for a shower commode chair.
146. Attachment #02.89  
Request to establish a code for a standing aid.
147. Attachment #02.90  
Request to establish 2 codes for services provided to persons infected with tuberculosis: Case Management and Drug Intake Monitoring.
148. Attachment #02.91  
Request to establish a code for an Unspecified Hearing Aid.
149. Attachment #02.94  
Request to establish 3 codes for multidisciplinary services.
150. Attachment #02.95  
Request to establish 2 codes for functional capacity testing.
151. Attachment #02.96  
Request to establish 11 HCPCS codes or 4 modifiers that could be used with CPT 99080.
152. Attachment #02.97  
Request for either a HCPCS code or a modifier for physical medicine by attending doctor not board certified.
153. Attachment #02.98  
Request to establish 3 codes for 3 levels of complexity of chiropractic services.

154. Attachment #02.99  
Request to establish 4 codes to identify nurse case management per 6 minute time intervals, for phone calls, visits, case planning, and travel/wait time.
155. Attachment #02.100  
Request to establish a modifier for surgical dressings and supplies dispensed for home use.
156. Attachment #02.101  
Request to establish 2 codes for disability prevention evaluation; one with and one without extended PT and OT evaluations or a modifier identifying contracted, multidisciplinary DPE pain clinic providers.
157. Attachment #02.102  
Request to establish 2 codes: one for job analysis review by attending physician, and one for additional job analysis review by attending physician.
158. Attachment #02.104  
Request to establish a code for a nasal mask cushion, Trade Name: ResMed Ultra Mirage and Mirage mask cushion.
159. Attachment #02.105  
Request to establish a code for an implant derived from porcine small intestine submucosa, Trade Name: Restore Orthobiologic Soft Tissue Implant.
160. Attachment #02.106  
Request to establish a code for hyaluronic acid dressing, Trade Name: Hyalofill Biopolymeric Wound Dressing.
161. Attachment #02.117  
Request to establish a code for gloves, Trade Name: Ultra Care Non Sterile Gloves.
162. Attachment #02.118  
Request to establish a code for gloves, Trade Name: Sterile Surgical Gloves.
163. Attachment #02.119  
Request to establish a code for a digital blood pressure monitor.
164. Attachment #02.120  
Request to establish a code for cotton-tipped applicators.
165. Attachment #02.121  
Request to establish 2 codes for condoms, Trade Name: Durex, Trojan, ProPremium and Reality.

166. Attachment #02.122  
Request to establish codes for a low-profile gastrotomy tube kit,  
Trade Name: MIC, Genie, Wizard and Hide-a-port kits.
167. Attachment #02.123  
Request to establish codes for sodium phosphate,  
Trade Name: Fleet, docusate sodium, Trade Name: Theravac and CO2 releasing  
suppository, Trade Name: CEO-TWO.
168. Attachment #02.124  
Request to establish a code for a helmet with face guard.
169. Attachment #02.125  
Request to establish 2 codes for food thickener,  
Trade Name: Thick-It and Thick and Easy.
170. Attachment #02.126  
Request to establish 3 codes for basal thermometer, rectal thermometer,  
and oral thermometer.
171. Attachment #02.127  
Request to establish 3 codes Whitman and Shaeffer plates.
172. Attachment #02.128  
Request to establish 2 codes for reusable diaper/incontinence pant and reusable  
washable underpad, Trade Names: Birdseye, Ibex, Geri-Care, Care-For and  
Comply.
173. Attachment #02.129  
Request to establish 2 codes for an eye pad and eye occlusors,  
Trade Name: Johnson & Johnson, Curity, Ezy Care, Opticlude, and Coverlet.
174. Attachment #02.130  
Request to establish a code for a blood pressure kit or sphygmomanometer.
175. Attachment #02.155  
Request to establish a code for collagen based wound filler, Trade Name:  
Cellerate RX™ Advanced Wound Care Gel.
176. Attachment #02.156  
Request to establish a code for a single layer sustained graduated high  
compression system, Trade Name: SurePress® and SetoPress® High  
Compression Bandage.
177. Attachment #02.157

Request to establish a code for a self-adherent cohesive compression bandage,  
Trade Name: 3M™ Coban Self-adherent Wrap.

178. Attachment #02.158  
Request to establish a code for a sustained graduated non-elastic, reusable high compression system, Trade Name: CircAid® Thera-Boot™.
179. Attachment #02.159  
Request to establish a code for zinc paste bandage, Trade Name: Unna-Flex Elastic Unna Boot.
180. Attachment #02.160  
Request to establish a code for a multilayer sustained graduated moderate compression system, Trade Name: Profore\* Lite.
181. Attachment #02.161  
Request to establish a code for a multilayer sustained graduated high compression system, Trade Name: Dyna-Flex.
182. Attachment #02.163  
Request to establish a code for an ECG sensor,  
Trade Name: Cambridge Heart Micro-V Alternans Sensors.
183. Attachment #02.164  
Request to establish a code for a belt, Trade Name: PD-Belt.
184. Attachment #02.165
185. Attachment #02.166
186. Attachment #02.167  
Request to establish a code for assisted reproductive technology.
187. Attachment #02.168  
Request to establish a code for birthing center facility fee.
188. Attachment #02.169  
Request to establish a code for intravenous immune-globulin (IV IgG).
189. Attachment #02.170  
Request to establish a code for inpatient hospice, non-acute care placement.
190. Attachment #02.171  
Request to establish a code for inpatient hospice, acute care placement.
191. Attachment #02.175

Request to establish 7 codes and 2 modifiers to consolidate and eliminate state defined local codes.

- 192. Attachment #02.176  
Request to establish a code for an HIV exposure kit.
- 193. Attachment #02.177  
Request to establish a code for a gastroesophageal pH measurement device system, Trade Name: Bravo™ pH Capsule with Delivery System.
- 194. Attachment #02.178  
Request to establish a code for nesiritide, Trade Name: Natrecor®.
- 195. Attachment #02.179  
Request to establish a code for a shuttle lock, Trade Name: Bulldog™ Tools.
- 196. Attachment #02.180  
Request to establish a code for buprenorphine hydrochloride, Trade Name: Buprenex Injectable.
- 197. Attachment #02.181  
Request to establish a code for triptorelin pamoate injectable suspension, Trade Name: Trelstar™ LA 11.25 MG.
- 198. Attachment #02.182  
Request to establish a code for a fabricated knee orthosis, Trade Name: Generation II Unloader-ADJ.
- 199. Attachment #02.183  
Request to establish a code for RhoGam, 50 mcg.

\*\*\*\*\*

- 200. Attachment #02.200  
Alabama Medicare, CMS Contractor, request to establish national codes to replace their local codes and modifiers.
- 201. Attachment #02.201  
NHIC New England, CMS Contractor, request to establish national codes to replace their local codes.
- 202. Attachment #02.202  
BCBS of Florida request to replace local codes to identify “Replacement battery for use with insulin pump, 1.5 volt, each” and 10 radiopharmaceutical agents.
- 203. Attachment #02.203

Request to delete code A4572.

- 204. Attachment #02.204  
Request to establish a code for comprehensive environmental lead investigation, not including laboratory analysis, per dwelling.
- 205. Attachment #02.205  
Request to establish a code for a sensormat, Trade Name: Bed-Check Sensormat.
- 206. Attachment #02.206  
Request to establish a code for an electric monitor that works with a pressure-sensitive mat, Trade Name: Bed-Check Model VR.
- 207. Attachment #02.207  
Request to establish a code for an electric monitor that works with a pressure-sensitive mat, Trade Name: Chair-Check II.
- 208. Attachment #02.208  
Request to establish a code for a prefabricated knee orthosis, Trade Name: Generation II Unloader Spirit.
- 209. Attachment #02.209  
Request to establish a code for a prefabricated knee orthosis, Trade Name: Generation II Unloader Express.
- 210. Attachment #02.210  
Request to establish a code for a custom fabricated knee orthosis, Trade Name: Generation II Unloader Select.
- 211. Attachment #02.211  
Request to establish a code for human fibroblast derived dermal substitute, Trade Name: Dermagraft.
- 212. Attachment #02.212  
Request to establish a code for an automated electrodiagnostic system, Trade Name: NC-stat biosensor.
- 213. Attachment #02.213  
Request to establish a code for a wireless video capsule endoscope, Trade Name: M2A® Capsule Endoscope.
- 214. Attachment #02.214  
Request to establish two codes for private duty nursing:
  - A) private duty nursing visit, by a registered nurse, per visit
  - B) private duty nursing visit, by a licensed practical nurse, per visit.

215. Attachment #02.215  
Request to establish a code for “Services provided on an overtime basis (list in addition to the basic services).”
216. Attachment #02.216  
Request to establish a code for  
A) functional orthosis, Trade Name: Strutter & Trotter Functional Orthosis.  
B) functional orthosis with scapula-axillary containment orthosis, Trade Name: Strutter & Trotter Functional Orthosis SACO.  
C) functional orthosis with wrist hand orthosis, Trade Name: Strutter & Trotter Functional Orthosis WHO.
217. Attachment #02.217  
Request to establish a code for:  
A) low friction interface liner for the therapeutic shoe, Trade Name: ShearBan™  
B) low friction interface liner for spinal orthosis, Trade Name: ShearBan™  
C) low friction interface liner for lower limb orthosis, Trade Name: ShearBan™  
D) low friction interface liner for prosthetic sockets, Trade Name: ShearBan™.
218. Attachment #02.218  
Request to establish a code for levalbuterol HCl Inhalation Solution, Trade Name: Xopenex®.
219. Attachment #02.219  
Request to establish codes for:  
A) polyurethane foam liner, Trade Name: Dryz 2-ply removable liner  
B) polyurethane foam liner, Trade Name: Dryz 3-ply removable liner.
220. Attachment #02.220  
Medicaid request to establish 9 transportation “T” codes, 5 “T” modifiers, and revise the nomenclature of 6 “A” codes: A0080, A0090, A0100, A0420, A0424, A0432 to assist in the consolidation and elimination of state defined local codes.
221. Attachment #02.221  
Request to establish a code for a tracheostomy tube holder, Trade Name: Dale® Tracheostomy Tube Holder.
222. Attachment #02.222  
Request to establish a code for a hazardous drug closed containment system, Trade Name: PhaSeal®.
223. Attachment #02.223  
Request to establish a code for epoprostenol sodium, Trade Name: Sterile Diluent for FLOLAN®.
224. Attachment #02.224

Request to establish a code for prosthetic foot mounting component, Trade Name: TruStep® Exo ALX™ and TruPer™ Exo ALX.

225. Attachment #02.225  
Request to establish a code for a prosthetic foot, Trade Name: TruStep® IH™ High Activity Foot.
226. Attachment #02.226  
Request to establish a code for a surgical procedure set, Trade Name: HydroThermAblator® (HTA®) Procedure kit.
227. Attachment #02.227  
Request to establish a code for Comprehensive Parental Evaluation.
228. Attachment #02.228  
Request to establish a code for Comprehensive Psychosexual Evaluation.
229. Attachment #02.229  
Request to establish a code for a modular component nutritional formula, Trade Name: Resurgex™.
230. Attachment #02.230  
Request to establish a code for a micronized acellular dermal tissue matrix, Trade Name: Cymetra™.
231. Attachment #02.231  
Request to modify code J0475 for baclofen, Trade Name: Lioresal® Intrathecal.
232. Attachment #02.232  
Request to establish a code for Rho (D) Immune Globulin (human), Trade Name: RhoGam® Ultra-filtered and MicrhoGam® Ultra-filtered.
233. Attachment #02.233  
Request to establish a code for a surgical device, Trade Name: Proximate® HCS Hemorrhoidal Circular Stapler.
234. Attachment #02.234  
Request to establish codes for:  
A) built-in batteries, Trade Name: LTI Lithium-ion Built-in prosthetic batteries  
B) removable batteries, Trade Name: LTI Lithium-ion Removable Prosthetic Batteries  
C) battery charger, Trade Name: LTI ElectroCharger.
235. Attachment #02.235  
Request to establish a code for mechanical locking shoulder joint, Trade Name: LTI-Collier Locking Shoulder Joint.
236. Attachment #02.236

- Request to establish a code for extension assist for orthotic knee joint, Trade Name: RSLSteeper Extension Assists Pneumatic Struts for Orthotic Knee Joint.
237. Attachment #02.237  
Request to establish a code for human tissue allograft, Trade Name: Cryo-Preserved Meniscus Allograft.
238. Attachment #02.238  
Request to establish a code for a lumbo sacral orthosis, Trade Name: SofTec Lumbo.
239. Attachment #02.239  
Request to establish a code for a suction socket sheath, Trade Name: DAWflo Suction Socket Sheath.
240. Attachment #02.240  
Request to establish a code for a silicone socket insert, Trade Name: Iceross® Dermo™.
241. Attachment #02.241  
Request to establish a code for active skin care silicone socket inserts, Trade Name: Iceross® Dermo™.
242. Attachment #02.242  
Request to establish a code for:  
1) implantable neurostimulator electrode  
2) implantable neurostimulator radiofrequency receiver  
3) radiofrequency transmitter  
4) external antenna  
5) external transmitter  
6) implantable breathing pacemaker/system.  
All are components of an implanted breathing pacemaker.
243. Attachment #02.243  
Request to establish a code for human tissue, Trade Name: Fresh Osteoarticular Allografts.
244. Attachment #02.244  
Request to establish a code for budesonide inhalation suspension, Trade Name: Pulmicort Respules™.
245. Attachment #02.245  
Request to establish a code for rehabilitative knee orthosis, Trade Name: Standard Comfy Knee Orthosis.
246. Attachment #02.246

Request to establish a code for rehabilitative elbow orthosis, Trade Name: Standard Comfy Elbow Orthosis.

- 247. Attachment #02.247  
Request to establish a code for hip knee abductor orthosis.
- 248. Attachment #02.248  
Request to establish a code for adrenergic bronchodilator, Trade Name: Salbutomal.
- 249. Attachment #02.249  
Request to establish a code for iodinated I-131 serum albumin, Trade Name: Volumex Iodinated I-131 Albumin Injection.
- 250. Attachment #02.250  
Request to establish a code for a bone fixation system, Trade Name: X-Fix DynaFix.
- 251. Attachment #02.251  
Request to establish a code for a bone fixation system, Trade Name: Xfix Mini-Fixator and Xfix standard fixator.
- 252. Attachment #02.252  
Request to establish a code for a non-cemented, semi-constrained finger joint prosthesis, Trade Name: Ascension® MCP Pyrocarbon Total Joint System.
- 253. Attachment #02.253  
Request to establish a code for pain management system, Trade Name: Bioflex Integrated NMES Pain Management System.
- 254. Attachment #02.254  
NHIA request to:
  - A) establish home infusion therapy codes
  - B) change description of codes S9326, S9327, S9330 and S9331
  - C) change description of codes S9364 – S9368
  - D) change description of codes S9338 and S9494
  - E) change description of code S9537
  - F) change description of code S9542, S9558, and S9559
  - G) and establish a code for home injectable therapy.
- 255. Attachment #02.255  
Request to establish a code for an occult blood reagent, Trade Name: !nsure™ Immunochemical Fecal Occult Blood Test.
- 256. Attachment #02.256  
Request to establish a code for an analgesic, Trade Name: Imfumorph.

257. Attachment #02.257  
Request to establish a code for Perflutren Lipid Microsphere – Injectable Suspension, Trade Name: Definity.
258. Attachment #02.258  
Request to establish a code for knee ankle foot orthosis (KAFO), Trade Name: iWALKfree.
259. Attachment #02.259  
Request to establish a code for fondaparinux sodium, Trade Name: Arixtra® Injection.
260. Attachment #02.260  
Request to establish a code for discontinuous AK skin cover, Trade Name: DAWSkin Two-Part AK Skin Cover.
261. Attachment #02.261  
Request to establish a code for administration of medication.
262. Attachment #02.262  
RE: #02.262  
Request to establish a) 3 codes for hepatitis vaccine, b) 1 code for immunoglobulins, and c) 2 codes for interferon beta-1A.
263. Attachment #02.263  
Medicaid request to establish:  
a) 2 codes for alcohol services  
b) 11 modifiers for specialized programs  
c) 5 modifiers for education level of treatment staff  
d) 3 modifiers for treatment context  
e) 1 modifier for multidisciplinary  
f) 6 modifiers for service funding/financing arrangement  
g) 1 modifier for court ordered treatment  
h) and 25 HCPCS codes for mental health services.
264. Attachment #02.264  
Request to establish a code for glucoWatch biographer,  
Trade Name: GlucoWatch Automatic Glucose Biographer
